Award-winning secure cycle parking

- 2008 founded by Anthony Lau with the design of the Cyclehoop
- 2013 designed and developed the Lambeth Bikehangar and launched the Rentals Scheme
- 2014 Lambeth Bikehangar shortlisted for NLA Transport and Infrastructure Award
- 2021 launched the Bikehangar 4.0
- 2022 Sold Secure Diamond Powered and Pedal Cycle accreditation
- 2022 launched the Cargo Bikehangar
- 2023 launched the Cyclehoop app
- To date, 5k+ Bikehangars sold

Who do we work with?

Bikehangar®

- Fits six bikes
- Currently in its fourth iteration
- Design out points of weakness with data collected from rentals scheme
- Sold Secure Powered and Pedal Cycle Diamond accreditation
- LPCB testing

Secured by Design

Police Preferred Specification

Anti-lever plates

on the main frame interlock with the door frame at crucial points, preventing the frame and door from being levered apart

High spec bolts

are used throughout, making the **Sheet steel** roof sheets resistant to attack by hand and power tools.

Interior locking bar

is P-shaped and made from galvanised steel, offering extended reach for D-locks to secure cycles by both the frame and wheels.

Fail secure lock

Means the unit will remain locked if an attempt is made to compromise the lock interface. The cylinder boasts the highest security rating available and is angle grinder, pick, drill, bump and snap resistant

Shear nut ground fixings,

Ground anchors and chemical adhesive used in installation. These cannot be removed with conventional tools

Dual layer side panels

preserve the appearance of the unit while shielding the contents from view, helping prevent opportunistic theft.

Sold Secure Cycle Grades

Helping you choose the right lock for your cycle.

Find your Sold Secure approved products at soldsecure.com >>

Sold Secure Pedal Cycle Bronze

Ideal if you leave your pedal cycle for a short time in a low risk area like a café.

Typically lightweight and easy to carry.

Sold Secure Pedal Cycle Silver

Ideal for lower value pedal cycles left in a medium risk area like your local town centre.

Often the minimum grade insurers ask for when insuring a lower value cycle.

Sold Secure Pedal Cycle Gold

Best if you have a high value pedal cycle that you keep in a high-risk area.

Typically the minimum grade insurers ask for when insuring higher value pedal cycles.

Sold Secure Pedal Cycle Diamond

Our highest grade aimed at very high value pedal cycles kept in very high-risk areas.

This grade of approval is designed to resist determined cycle thieves.

Sold Secure Powered Cycle Gold

A high level of protection for your powered cycle (e-bike etc.)

Robust locks with a high level of resistance.

Sold Secure Powered Cycle Diamond

Our highest level of security for powered cycles.

Great if you're looking for an extra level of security.

Tested with angle grinders.

How to lock your bike right

- ✓ If you can, use two different Sold Secure approved locks.
- ✓ Lock the frame together with a wheel to the stand.
- ✓ Do not just lock the wheel to the frame or stand.

Cargo Bikehangar

Will Prochaska, father of 3, who received a removal notice for pavement parking his cargo bike:

“Secure cargo bike storage on the street is essential if families are to be supported to give up their cars and choose active travel.”

Rentals scheme

- Users pay an annual fee
- Access to an allocated space in a specific unit
- Dedicated team of five
- Manage the space allocation, including applications, waiting lists, key management, payments
- 3,171 Bikehangars
- 19,023 spaces
- 90.5% occupancy rate across UK

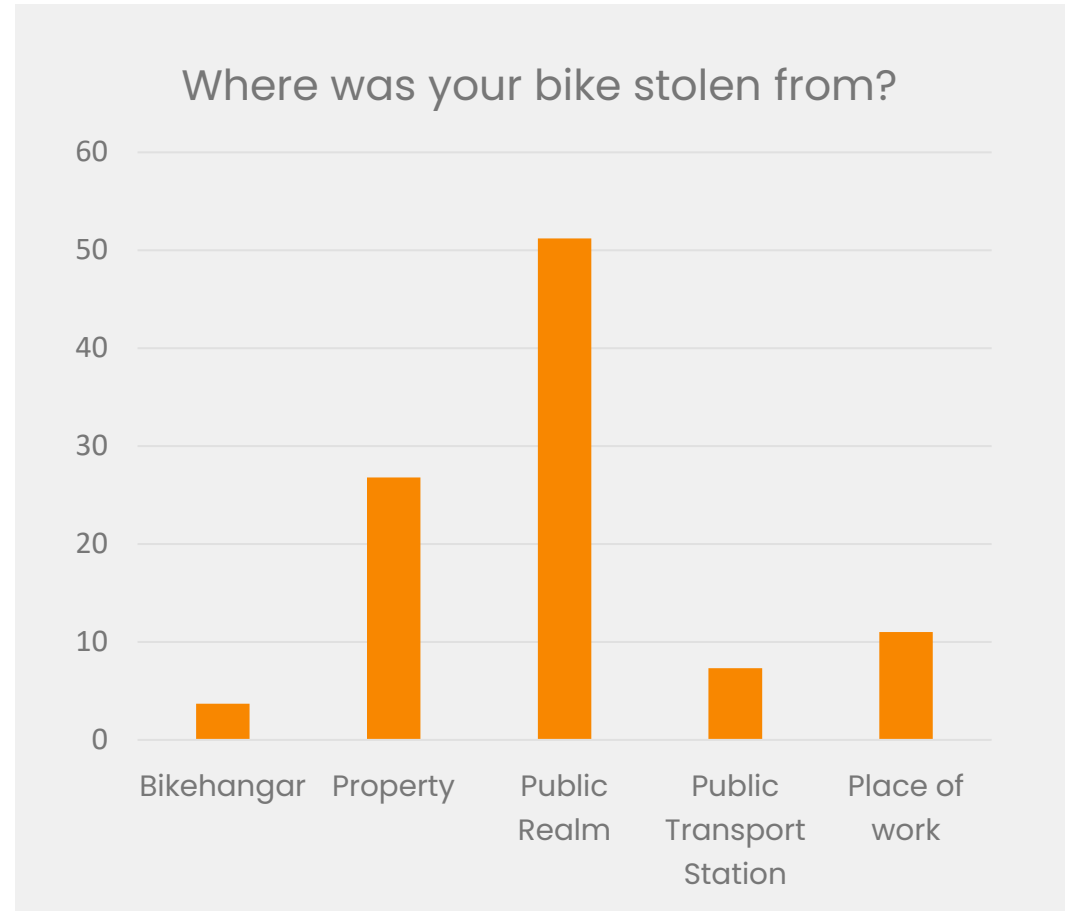

Management and maintenance

- Our pre-planned maintenance team operate on a fleet of cargo bikes
- Standard contract 2 visits per year
- The customer fee covers this
- Clean units – graffiti, city grime
- Blow out leaves
- Check units in working order and fix any issues/escalate anything that may require additional work

Bike thefts

- 32.7% of respondents had their bike stolen at some point
- Of those thefts, only 1% was from a Bikehangar

Trips: Secure destination cycle parking

- Whilst we know how to reduce cycle theft at home, opportunistic theft is a major issue
- Secure destination cycle parking required
- Trips is an app-accessed service, providing users with multiple secure locations to park their bike

Customer quotes

Mikaela, Glasgow

"I used to store my bike in the close, just locked to the bannister, but it got stolen from there.. Having it stored in a Bikehangar on the street is an amazing accessible option."

Aleks, Southwark

"Before I got a Bikehangar space, I had my bike stolen from the premises. With the Bikehangar I don't have to worry about parking my bike near my home. It is definitely more secure and I find it safe and easy to use."

Customer quotes

Tagore, Lambeth

“The adapted Bikehangar has transformed our family’s cycling experience. No longer burdened by the logistical challenges of storing and accessing our recumbent tandem bike, we can now enjoy the freedom and joy of riding together more conveniently. It has brought us closer, allowing us to explore the world around us with ease.”

Breaking down barriers to cycling

- Secure home cycle parking – suitable to the housing type
- Secure destination cycle parking
- Accredited products with suitable security ratings
- Consider different types of cycles
- Ensure the parking is accessible
